About Us

Hotspot transforms spaces into unforgettable experiences through **LED displays, lighting, sound, and motion technology.**

We design, supply, and execute advanced audiovisual systems that elevate how brands connect with their audiences — from boutique activations to national-scale events.

Our high-quality, modular, and innovative products — from LED screens to kinetic ceilings — are built to adapt to every creative challenge.

We don't just deliver equipment — **we deliver impact, engagement, and emotion.**

Our Mission

To empower event professionals and creative agencies by providing reliable, scalable, and cutting-edge display and AV technologies — backed by seamless service and expert support.

Our Vision

To become the leading display and AV partner for Saudi Arabia's most impactful events setting the stage for creative expression, brand visibility, and audience engagement.

Our Core Values

- Quality First: We never compromise on build, clarity, or reliability.
- Innovation Always: We continuously source, test, and introduce the latest tech.
- Service-Centered: Your deadlines are ours. We support you from planning to post-event.
- Flexibility & Scale: Whether it's a small booth or a national activation, we deliver with precision.
- Saudi-Built: Deeply committed to 2030 Vision and local growth.
